BASLE MEETING REVIEW

RECORD ATTENDANCE AT BASLE—Scientists representing over 29 countries gathered in Basle, Switzerland for the 15th International Symposium on Controlled Release of Bioactive Materials. A record attendance of over 750 participants was established. We are grateful to the Technical Program Committee:

Chairman: J. Heller, SRI International, USA Co-Chairmen: F. Harris, University of Akron, USA, D. Lohmann, CIBA-GEIGY, Switzerland H. Merkle, University of Bonn, Germany, J. Robinson, University of Wisconsin, USA and the Local Arrangements Committee:

Chairman: H. Leuenberger, University of Basel Co-Chairmen: P. Fankhauser, CIBA-GEIGY, T. Kissel, Sandoz H.H.A. Linde, University of Basel, W. Schaffner, University of Basel, H. Steffen, Hoffmann - La Roche for their outstanding contributions to assure a successful meeting. In particular CRS would like to congratulate Dr. J. Heller and Professor Leuenberger for their remarkable commitment to excellence. Symporg SA and the CRS Administrative Office provided their excellent organization skills to accommodate the record attendance.
